

Proposal

Trustee Network

Purpose

To provide a venue for public library trustees to exchange information and concerns amongst themselves, and to work with the greater library community on issues raised.

Method

- To use electronic communication tools to reach out to as many public library trustees and boards as possible
- To seek information on best practices that can be shared between trustees and boards
- To be a conduit for information to and from trustees and CLA regarding issues of concern to trustees
- To investigate and encourage the training of library trustees
